

# SP 11 - Stretching Tree

variety of stretching exercises

With the Stretching Tree, many very effective stretching exercises are possible, as well as gymnastic and strengthening exercises.

**Installation:**

The device is delivered completely assembled and is screwed on top of the poured-in place foundation anchor (within the scope of supply). The Installation Guide can be found on [www.saysu.de](http://www.saysu.de) or upon request. Cover the ground anchor with filling material or with plastic covers (accessories).

For your draft we can supply 2D and 3D files.

Picture of the product may differ from original – subject to technical modification.
